

NEW AFTER-SCHOOL
PROGRAM AT
W. D. Williams
Elementary

Zaniac™

Engineering (Robotics & Circuits)

At the invitation of Principal Carrie Lynch, Zaniac Asheville is offering its engaging technology curriculum directly to students at W. D. Williams Elementary! This eight-week program **begins Wednesday, January 30th.**

Students learn the basics of robotics, the scientific method, forces, and design through exploring scientific and engineering concepts. Build and program robotic solutions to defined projects. In circuits, students use littleBits and Snap circuits to Learn about basic inputs, outputs, analogs, electricity, and more!

Robotics & Circuits

- Interactive hands-on activities
- Fosters critical thinking and teamwork
- Learn real-world engineering skills
- No prior experience necessary

Course Details:

- Engineering (Robotics & Circuits): Grades K-5
- Classes meet 2:35 p.m. to 3:35 p.m. every Wednesday
- Classes meet: Jan. 30, Feb. 6, 13, 20, 27, Mar. 6, 13, 20
- Price: \$199
- Classes meet conveniently in Room 106 (Mrs. Lehman's room)
- Personal progress emails after every class

**CLASSES BEGIN
JANUARY 30TH!**
