About the Schedule

Zaniac's 6-week courses meet after school once per week. All classes are 90 minutes in length and start at the same time every week.

If you don't see a program time that works with your schedule, please call the campus and we'll arrange a custom schedule for your child.

Call 201.360.2450 to enroll.
## Space is limited

Ongoing Programs

Homework Help

We understand what a difference a little bit of extra attention can make in children's confidence in school. That's why Zaniac's instructors are available each day after school and on Saturdays to help your student with homework.

Zane Math

At Zaniac, we believe that all children can learn and become excited about math. Forget drills and repetition. Zane Math engages your child in creative, conceptual problem solving in a fun environment

Campus programs are subject to change.
