An after-school program unlike anything your child has experienced!

It's fun, it's challenging, and it can really make a difference in your child's performance at school. And you get all this at a discount to our regular programs!

We monitor your child's homework assignments and ensure their work is completed.

Choose from any of our **Science, Technology, Engineering, Art and Math (STEAM)** programs on an ongoing basis.

After each session, you will receive an email with a Daily Report Card that includes an evaluation and progress update of your child's math and reading skills, STEAM programs, and school homework completed.
