SUMMER STEAM CAMPS 2019

zaniac
K-8 STEAM After-School Programs & Camps

June 3 - August 30

Camp Descriptions

Technology & Design

Students develop 21st century skills by exploring computer programming, electronics, and 3D design! Learning feels like play while being engaged with our Game-Based Learning techniques. During this camp we will utilize tools such as Scratch, Python, Java, Minecraft, littleBits, Arduino, TinkerCAD and more.

Science & Engineering

Our Science and Engineering camp provides a powerful way to inspire students' interest and understanding of engineering through exploration and building. Students will be engaged in the Engineering Design process as they learn about physics, matter, and energy. We use tools such as Kerbal Space Program, littleBits, Arduino, Minecraft, and science kits for experimentation

Robotics & Computer Science

These camps offer a new way to inspire kids' understanding of robotics and computer science using a hands-on approach. Students will focus on design, logic, and programming - as they see their robots and animations come to life. We use tools such as LEGO Mindstorms EV3, Dash and Dot Robots, Minecraft, Scratch, Python, and more!

June

Sun	Mon	Tue	Wed	Thur	Fri	Sat
26	27	28	29	30	31	1
2	3	4	5	6	7	8
9	10	11	12	13	14	15

25	26	27	28	29	30	31

Zane Math Camp

Zane Math Camp is designed from the ground up to prioritize, fun, active engagement, with an integrated, multi-disciplinary approach to problem solving. At Zaniac, we believe that all children can learn and become excited about math in the right environment. This academic camp offers a great way for students to both retain their math comprehension and get ahead before the new school year.

** Zane Math academic camps for grades K-2 meet on Purple weeks, grades 3-5 on Green weeks, and grades 6-8 on Blue weeks.*

Zane Math Camps will run weekly from June 17 - August 23. Math camps meet Mon - Fri from 9:00 a.m. - 12:00 p.m. Math camp can be combined with STEAM camps for a full day option. See reverse side for pricing information.
