

Let your child's imagination & curiosity  
run wild this summer at Zaniac!

Zaniac Summer Camps are the perfect combination of STEAM learning & fun. Each camp is tailored to your child's needs. Enjoy small camp sizes, 6 students per 1 instructor. Instructors are fully-trained, thoroughly vetted high school & college honor students who love to work with kids. Camps are grouped & focused for your child's age & grade.

### Grades K-2

Little campers love Robotics, Engineering, Computer Programming, Minecraft™, Math & Chess camps.

### Grades 3-4

Popular camps include Minecraft, Robotics, GarageBand, Modding, Coding, 3D Printing, Engineering, Fashion Design, Web Design, App Creation, Math & Chess.

### Grades 4-8

Challenging and fun camps like 3D Game Design, Python & Java Coding, Kerbal Space Program, Advanced Robotics & Advanced Electronics.

### Full-Day Weekly Camps

9:00am - 4:00pm (\$599)  
Lunch & Snacks Included

### Half-Day Weekly Camps

9:00am-12:00pm or  
1:00pm-4:00pm (\$329)

We offer early drop in and late pick up at  
an additional \$15/child/hour or  
\$60 for a full week  
8:00am-9:00am  
12:00pm-1:00pm  
4:00pm-5:00pm

## Summer.

The best thing that can  
happen to a curious mind.

### Summer Camp Hours

Monday - Friday 8:00am - 5:00pm  
Sat & Sun Open for Birthday Parties

### Zaniac South Miami

8322 S. Dixie Hwy (Dadeland Station)  
Miami, FL 33143

## Summer Camps

# Zaniac Summer Camps

Game-Based Learning using Minecraft, capitalizes on the love kids already have for the game as we explore biology, math, physics and astronomy.

Learn how to create, develop and install mods, customizing the Minecraft experience with tools and techniques used by real game developers.

Technology and math skills come to life with the LEGO EV3 Robotics System, Ozobots, Spheros and more. Work with our robotics experts to build complex robot systems.

Our design classes place an emphasis on the art in STEAM. Get engaged in the engineering, and design process with Fashion Design and GarageBand.

KSP is a realistic aerospace simulator used to teach aerospace engineering, orbital mechanics, aerodynamics, and space exploration concepts, igniting a life-long interest in STEAM.

It's never too early to learn to code, an essential 21st century skill for every child. Go from true beginner to writing custom code in python and java.

# Campus Schedule

Color square signifies grade availability.

■ K-2 ■ 3-4 ■ 4-8

Register for one camp per am/pm session.

Register Now at [ZaniacLearning.com/SouthMiami](http://ZaniacLearning.com/SouthMiami)

Get immersed in the engineering and design process through working with cutting edge software and technology. Design unique and exciting ideas and 3D print them into reality.

Our fun-filled approach to math (you can draw on our glass walls!) keeps you eager to come to camp every day! We customize a math program for you from our 14,000 math problem database.

Think, build, create! Our engineering courses explore mechanical and electrical engineering through hands-on exploration and innovation. Beginner and Advanced camps available.

Develop strategic thinking skills which are critical to success. Master the moves and strategies to checkmate. Beginner and Expert camps available.
