

# Zaniac After School Programs

## at La Piazza Academy

Fall and Spring courses available!

At Zaniac, K-6 kids discover math and technology and just how much fun learning can be. Forget drills and repetition. Zaniac's fun enrichment programs engage kids in creative, conceptual problem solving that builds confidence and helps them succeed in school.

Join Zaniac South Miami at La Piazza Academy for some after-school fun and STEAM education year-round! Classes meet every Friday starting September 8<sup>th</sup>, and tuition includes all 10 classes! We offer a variety of seasonal courses for STEAM Enrichment programs that feel like play.

### Course Details:

- Every Friday starting September 8th
- Fall and Spring courses
- 12 slots available per class
- Classes conveniently meet at La Piazza Academy
- Personal progress emails after every class
- Tuition includes all 10 classes
- For grades K-5

**Sign up at your school's after-care program today!**

### Fall Courses: Every Friday starting September 8<sup>th</sup>

**Zaniac Tinkering: Intro to Circuits** - \$320 per 10 week session

3:15 pm - 4:15 pm

Uses littleBits™, the easiest way to prototype electronics, to teach basic inputs, outputs, analogs, electricity, and more. Students build projects ranging from synthesizers to flashlights, exploring the world through the lens of easy-to-build magnetic circuits

### Spring Courses: Every Friday starting January 12<sup>th</sup>

**Game-Based Learning: Minecraft™ Exploration** - \$280 per 10 week session

3:15 pm - 4:15 pm

Students learn science and math while working together with friends to accomplish group missions. They explore physics, biology and math concepts like biomes, Cartesian coordinates and gravity playing a game they love.
