

Let your child's imagination & curiosity
run wild this summer at Zaniac!

Zaniac Summer Camps are the perfect combination of STEAM learning and fun. Each camp is tailored to your child's needs. Enjoy small camp sizes. Instructors are fully-trained, thoroughly vetted high school and college honor students who love to work with kids. Camps are grouped and focused for your child's age and grade.

Grades K-2

Little campers love Simple Machines, Minecraft™ Exploration, Intro to Scratch, Intro to Circuits, and Chess camps.

Grades 3-5

Popular camps include Minecraft Galaxy and Architecture, Intro to LEGO®, Web Design, GarageBand®, 3D Printing, App Creation, Math, and Chess.

Grades 6-8

Challenging and fun camps like 3D Game Design, Minecraft Physics, Intro to Microcontrollers, 3D Printing, Intro to Python, Zane Math, and Kerbal Space Program.

Full-Day Weekly Camps

9:00am - 4:00pm (\$499)
Please bring a sack lunch

Half-Day Weekly Camps

9:00am - 12:00pm or
1:00pm - 4:00pm (\$299)

We offer early drop off and late pick up
at an additional \$15.00/child/hour

8:00am-9:00am

12:00pm-1:00pm

4:00pm-5:00pm

Join Edison Club & Save

The smart choice for summer.
Edison Club is our most flexible and cost
effective summer program. Multiple
membership options available.

Gold (\$299/month)

1 Full-Day Camp per month

Silver (\$199/month)

1 Half-Day Camp per month

Bronze (\$99/month)

1 Half-Day STEAM Quest Camp per month

PLUS: 20% off additional courses & camps

Summer.

The best thing that can
happen to a curious mind.

Summer Camp Hours

Monday - Friday 8:00pm - 5:00pm

Saturday - 10:00am - 3:00pm

Sunday - Closed

Zaniac Summer Camps

Game-Based Learning using Minecraft, capitalizes on the love you already have for the game as we explore biology, math, physics and the galaxy.

Learn how to create, develop and install mods, customizing the Minecraft experience with tools and techniques used by real game developers.

Technology and math skills come to life with the LEGO EV3 Robotics System, Ozobots, Spheros and more. Work with our robotics experts to build complex robot systems.

With Fashion Design you will design one-of-a-kind looks using digital modeling and create custom, wearable accessories through 3D printing.

KSP is a realistic aerospace simulator used to teach aerospace engineering, orbital mechanics, aerodynamics, and space exploration concepts, igniting a life-long interest in STEAM.

June 5 - 9		June 12 - 16

It's never too early to learn to code, an essential 21st century skill for every child. Go from true beginner to writing custom code in python and java.

Get immersed in the engineering and design process through working with cutting edge software and technology. Design unique and exciting ideas and 3D print them into reality.

Our fun-filled approach to math (you can draw on our glass walls!) keeps you eager to come to camp every day! We customize a math program for you from our 14,000 math problem database.

Think, build, create! Our engineering courses explore mechanical and electrical engineering through hands-on exploration and innovation. Beginner and Advanced camps available.

Develop strategic thinking skills which are critical to success. Master the moves and strategies to checkmate. Beginner and Expert camps available.
