

Experience the Coolest Camps
Beginner & Advanced Camps Available

Zaniac Summer Camps are ideal for your curious child. Go on a Science, Technology, Engineering, Art & Math Adventure with us! Each camp is tailored to your child’s needs. Small camp sizes ensure an exceptional experience. Our instructors are role models, who are fully trained and love to work with kids. Camps are grouped and focused for your child’s age and grade.

Grades Pre K-K

Popular Camps include Space Engineering, Environmental Engineering, Tinker & Code, STEAM Quest Park and Civil Engineering.

Grades 1-4

Popular Camps include GreenBots, Minecraft Your Future, Robotics Ignite, MarineBots, CircuitBreaker, 3D MakerLab, World Robot Olympiad and Scratch.

Grades 5-8

Popular Camps include Python Coder, Minecraft Redstone Lab, Music Lab, Engineering Takes Flight, WebMaker, Programming Electronics and JavaCoder.

Full-Day Weekly Camps

Hours: 9 a.m. – 4 p.m. (\$818)
Please bring a sack lunch
Morning & Afternoon snack provided

Half-Day Weekly Camps

9 a.m. – 12 p.m. or 1 p.m. – 4 p.m. (\$428)
Snack provided
Open Saturday & Sunday for
Birthday Parties.

**FREE
Zaniac T-shirt
with each
camp!**

Summer Adventure for the Mind.
Experience the coolest camps.

Summer Camp Hours

Mon - Fri 9 a.m. – 4 p.m.
Sat & Sun Open for Birthday Parties

Summer Camps

Coders. Explorers.
Engineers. Designers.

**Enter the
Technology
Zone**

Westport, CT
June 11 - August 24

Who will your child be this summer?

Be a Coder

It's never too early to learn to code, an essential 21st century technology skill for every child. Go from true beginner using Scratch or Blockly to writing custom code in Python and Java! Use your new coding skills to program robots, design an app or create your own website.

Be an Explorer

Discover and investigate! Explore biology, math, physics & the galaxy with a game your kids already love — Minecraft! Learn how to be an environmentally conscious urban planner and architect. Participate in this summer's FIFA World Cup by designing soccer stadiums across different biomes. New challenges with Liquid Physics, Pistons and Newton's Law. For the Young Explorers—STEAM Quest Park Camp! Campers will explore ramps, probability, performing arts, gears, chain reaction all while building their own park! STEAM Concepts will be introduced through hands-on learning experiences.

Be an Engineer

Think, build and create. Explore mechanical and electrical engineering through hands-on exploration and innovation. Technology and math skills intersect with LEGO EV3 Robotics System, Ozobots, Spheros and more! Build complex Robot systems and learn aerospace engineering with a simulator.

Be a Designer

Art meets cutting-edge technology when your child designs at Zaniac. Test your ingenuity as your creations come to life in 3D Printing. Learn about color theory and design fashion accessories in Fashion Design. Compose music with GarageBand.
